MEMORANDUM FOR: Director of Security

SUBJECT : Office of Security Statistical Report
for JANUARY 1969

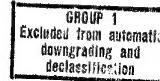

1. The attached tables reflect some of the activities of certain components of the Office of Security during JANUARY 1969.
2. The statistics in the tables are compiled by the component concerned and refer to the current month.
3. During the period 1 July 1968 through 31 January 1969, total Staff Applicant cases received number 1,826, a drop of 660 cases received during a similar period a year ago.
 - a. This has been the result of concern generated within Agency management to cut back to authorized staff ceilings, since on 1 July 1968 the Agency had entered a fiscal year overstrength for the first time in its history.
 - b. The Placement Division, OP, believes that the slow down trend has reached its apex, and probably in March or April replacement initiations will greatly increase in tempo, and the overall picture by the end of FY 1969 receipt-wise will return to FY 1968 levels.
4. For the first time this fiscal year, Reinvestigation receipts reached the projected level of approximately 400 per month as 406 RIP cases were processed during the month of January.
